# Accident SafeGuard Premier

## Accidents Happen

You never know when you or someone in your family will get hurt in an accident. When it happens, you could end up with several medical bills.

Even if you have health insurance, the extras from an accidental injury can still take a lot out of your pocket. If you don't have health insurance, the bills could cost you even more.

## Accident SafeGuard Premier

Pays covered expenses resulting from qualifying accidental injuries, after deductible, up to the calendar-year benefit maximum. See pages 3-6 for details.

This is an outline only and is not intended to serve as a legal interpretation of benefits. Reasonable effort has been made to have this outline represent the intent of contract language. However, the contract language stands alone and the complete terms of the coverage will be determined by the policy. State specific differences may apply.

You'll receive a complete list of benefits with the policy. Please read the policy carefully. Payment of benefits is subject to all policy terms, conditions, and the maximum benefit.

This brochure must be used in conjunction with the Accident SafeGuard Premier State Variations Insert 44136i-UL.
